Notes:
(1) See Glossary of Terms.
(2) For the three months and year ended December 31, 2017 and 2016, the weighted average common shares and common units used to compute FFO per diluted share/unit include operating partnership common units and unvested restricted stock awards that are subject to time vesting. The shares/units used to compute FFO per diluted share/unit include additional shares/units which were excluded from the computation of diluted EPS, as they were anti-dilutive for the periods presented.
(3) Represents the straight-line rent income recognized during the period offset by cash received during the period and the provision for bad debts recorded for deferred rent receivable balances.
(4) Represents the adjustment related to the acquisition of buildings with above (below) market rents.
(5) Represents adjustments related to amortization of lease incentives paid to tenants, amortization of lease intangibles, lease termination fees at City Center Bellevue and straight-line rent expense for our leases at the Annex at the Landmark at One Market and retail space at Waikiki Beach Walk - Retail.

Notes:
(1) Base rent for our retail and office portfolio and the retail portion of our mixed-use portfolio represents base rent for the three months ended December 31, 2017 (before abatements) and excludes the impact of straightline rent and above (below) market rent adjustments. Total abatements for our retail and office portfolio were approximately $\$ 13$ and $\$ 1,064$, respectively, for the three months ended December 31, 2017. There were no abatements for the retail portion of our mixed-use portfolio for the three months ended December 31, 2017. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses. Multifamily portfolio base rent represents base rent (including parking, before abatements) less vacancy allowance and employee rent credits and includes additional rents (additional rents include insufficient notice penalties, month-to-month charges and pet rent). There were $\$ 272$ of abatements for our multifamily portfolio for the three months ended December 31, 2017. For Waikiki Beach Walk - Embassy Suites ${ }^{\mathrm{TM}}$, base rent is equal to the actual room revenue for the three months ended December 31, 2017.
(2) Represents additional property-related income for the three months ended December 31, 2017, which includes: (i) percentage rent, (ii) other rent (such as storage rent, license fees and association fees) and (iii) other property income (such as late fees, default fees, lease termination fees, parking revenue, the reimbursement of general excise taxes, laundry income and food and beverage sales).
(3) Represents billed tenant expense reimbursements for the three months ended December 31, 2017.
(4) Represents property operating expenses for the three months ended December 31, 2017. Property operating expenses includes all rental expenses, except non cash rent expense and the provision for bad debt recorded for deferred rent receivables.
(5) Base rent shown includes amounts related to American Assets Trust, L.P.'s leases at Torrey Reserve Campus and Lloyd District Portfolio. This intercompany rent is eliminated in the consolidated statement of operations. The base rent and abatements were both $\$ 292$ for the three months ended December 31, 2017.

## SUMMARY OF DEVELOPMENT OPPORTUNITIES

Our portfolio has numerous potential opportunities to create future shareholder value. These opportunities could be subject to government approvals, lender consents, tenant consents, market conditions, availability of debt and/or equity financing, etc. Many of these opportunities are in their preliminary stages and may not ultimately come to fruition. This schedule will update as we modify various assumptions and markets conditions change. Square footages and units set forth below are estimates only and ultimately may differ materially from actual square footages and units.

Fourth Quarter 2017 Supplemental Information

[^0]
## As of December 31, 2017

Notes:
(1) Annualized base rent per leased square foot is calculated by dividing (i) annualized base rent for leases expiring during the applicable period, by (ii) square footage under such expiring leases. Annualized base rent is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements)) for the month ended December 31, 2017 for the leases expiring during the applicable period by (ii) 12 months.
(2) The expirations include 18,552 square feet leased by Scantron Corporation at City Center Bellevue through April 30, 2018, for which VMWare, Inc. has signed an agreement to lease such space beginning May 1,2018 through November 30, 2022 with options to extend the lease through November 30, 2032.
(3) Individual items may not add up to total due to rounding.

## APPENDIX

## GLOSSARY OF TERMS

Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA): EBITDA is a non-GAAP measure that means net income or loss plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate and impairments of real estate, if any. EBITDA is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDA for the three months and year ended December 31, 2017 and 2016 is as follows:

|  | Three Months Ended December 31, |  |  |  | Year Ended December 31, |  |  |  |

Adjusted EBITDA: Adjusted EBITDA is a non-GAAP measure that begins with EBITDA and includes adjustments for certain items that we believe are not representative of ongoing operating performance. Specifically, we include a pro forma adjustment to reflect a full period of NOI on the operating properties we acquire during the quarter, to assume all transactions occurred at the beginning of the quarter. We use Adjusted EBITDA as a supplemental performance measure because we believe these items create significant earnings volatility which in turn results in less comparability between reporting periods and less predictability regarding future earning potential.

Funds From Operations (FFO): FFO is a supplemental measure of real estate companies' operating performances. The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as follows: net income, computed in accordance with GAAP plus depreciation and amortization of real estate assets and excluding extraordinary items, gains and losses on sale of real estate and impairment losses. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

Funds Available for Distribution (FAD): FAD is a supplemental measure of our liquidity. We compute FAD by subtracting from FFO As Adjusted tenant improvements, leasing commissions and maintenance capital expenditures, eliminating the net effect of straight-line rents, amortization of above (below) market rents for acquisition properties, the effects of other lease intangibles, adding noncash amortization of deferred financing costs and debt fair value adjustments, adding noncash compensation expense, and adding (subtracting) unrealized losses (gains) on marketable securities. FAD provides an additional perspective on our ability to fund cash needs and make distributions by adjusting FFO for the impact of certain cash and noncash items, as well as adjusting FFO for recurring capital expenditures and leasing costs. However, other REITs may use different methodologies for calculating FAD and, accordingly, our FAD may not be comparable to other REITs.

Net Operating Income (NOI): We define NOI as operating revenues (rental income, tenant reimbursements, lease termination fees, ground lease rental income and other property income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance). NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expense, other nonproperty income and losses, gains and losses from property dispositions, extraordinary items, tenant improvements and leasing commissions. Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to other REITs. Since NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expenses, other nonproperty income and losses, gains and losses from property dispositions, and extraordinary items, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective on operations not immediately apparent from net income. However, NOI should not be viewed as an alternative measure of our financial performance since it does not reflect general and administrative expenses, interest expense, depreciation and amortization costs, other nonproperty income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of the properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations.
